DETAILED ACTION

Allowable Subject Matter

Claims 20-40 are allowed.

The following is an examiner's statement of reasons for allowance: Prior art of record does not teach a processor complex in electrical communication with a interfacing module such that the processor complex receives a multi-channel data set, the processor complex comprising a plurality of channels, each of which is adapted to receive the signals of the multi-channel data set, each channel comprising a first processor and a second processor, wherein the first processor and the second processor each respectively have an input port and an output port, the first processor is associated with a bypass switch and a bypass register, the bypass switch having a first state that causes a signal in the multi-channel data set to bypass the first processor and be stored in the bypass register and a second state that causes a signal in the multi-channel data set to be input into the first processor, and the input port of the second processor receives data corresponding to the signals from the output port of the first processor in combination with the claimed interfacing module and decision module.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

The application has been amended as follows:

Claim 29, line 3, replace "input" with –inputted—
